

Daily Food Distributions

The Food Bank of Lincoln is committed to alleviating hunger in Southeast Nebraska. We will continue to feed hungry neighbors in the face of circumstances that change on a daily, sometimes hourly basis. We will strive to meet the most pressing needs of as many clients as possible while ensuring the safety of our staff and keeping food moving in and out of our Distribution Center as efficiently and effectively as possible.

This schedule will be updated as needed. Please check back regularly for updates.

We have many great partner agencies, but at present, we must rely on only a handful of them to help distribute the majority of our food. Please contact one of these partner agencies for additional food resources: Catholic Social Services, Center For People in Need, Good Neighbor Center, the People's City Mission Help Center, The Gathering Place and the Salvation Army. SNAP Outreach can be reached at 855-444-5556.
