

## 2021 Summer Food Service Program Preview

The Food Bank of Lincoln will continue to sponsor sites for the Summer Food Service program (SFSP) in 2021. This year's program will be available from Monday, May 24th, 2021 to Friday, August 13th, 2021. Please note that you are not required to be under the Food Bank's sponsorship to participate in SFSP. You can seek sponsorship from another participating organization, or you can sponsor your own site.

### Site Selection

- The Food Bank of Lincoln will plan to only sponsor up to 25 sites this year.
- The selection of sites will be based on the following categories:
  - Geographic Location (Are there any other sites nearby?)
  - Operation Dates (Is this program available to children for most of the summer?)
  - The average number of meals served in previous years. (Does this site serve a lot of children?)

### Supplies & Equipment

- The following supplies will be provided by the Food Bank:
  - Food Warmers and/or Non-Electric Insulated Food Carriers
  - Thermometers
  - Sporks packaged w/ napkins
  - Amazon Fire Tablet
- This year, sites must supply their own:
  - Plates & bowls
  - Can openers
  - Take-home containers (if desired)
  - Pot Holders (if needed to remove food from warmers)
- All sites should have a Wi-Fi internet connection to allow meal tracking software to sync information.
- Sites should have adequate refrigeration space to store milk and other refrigerated meal components.
- Serving utensils will be provided by the food vendor, Kinder Bites.

### Meal Delivery

- Kinder Bites will again be working with the Food Bank of Lincoln as the food vendor for this program for the fourth year in a row.
- Kinder Bites will be responsible for preparing and delivering food to all SFSP sites.
- The contactless food delivery model used by Kinder Bites last year will continue to be used this year. Instructions/information regarding this will be sent out before the start of summer programming.
