Daily Food Distributions

The Food Bank of Lincoln is committed to alleviating hunger in Southeast Nebraska. We will continue to feed hungry neighbors in the face of circumstances that change on a daily, sometimes hourly basis. We will strive to meet the most pressing needs of as many clients as possible while ensuring the safety of our staff and keeping food moving in and out of our Distribution Center as efficiently and effectively as possible. This schedule will be updated as needed. Please check back regularly for updates.
